

REMARKS

In response to the Notice of Omitted Item(s) in a Nonprovisional Application (filing date granted), applicants respectfully request entry of this amendment in the above-identified application.

The Notice of Omitted Item(s) in a Nonprovisional Application dated March 24, 2004, alleged that a Figure 2(d) was omitted.

Applicants respectfully submit that the indication of a Figure 2(d) in the original filed application was in error and this amendment is being submitted to correct this error. Specifically, two instances of a recitation of Figure 2(d) have been found in the specification and each of these is being corrected to change them to a Figure 2(c) in conformance with the actual figures originally filed.

Respectfully submitted,

Steven Fischman
